### **Your Gift of Time is Priceless — Report Service Hours**

RSVP volunteer service benefits the community, the organization, and the volunteer. Think of what you can do when you give your time to service. **Help your community:** Know that you are giving your time, talent, wisdom, and experience to your community and people who need you. **Help yourself:** Through service, you can add to the quality and health of your life. Research indicates that volunteers enjoy better health, make new friendships, stay active and involved in the community, and learn new skills. **Make a difference:** Be part of a national movement to transform America through the involvement of its citizens. **Save money, serve more people:** By donating your time and skills, you help make funds go farther to address critical needs in your community. That means more of what is needed in your community gets taken care of. Reporting your volunteer hours documents your gift of time and the difference that it makes. Thank you for your time, it truly is priceless!
